

CAREER OPPORTUNITIES

Job Description: Platform Test Developer

WELCOME TO PCI PAL

PCI Pal is the specialist provider of secure payment solutions to contact centres. We dedicate ourselves to the pursuit of easy-to-integrate and simple-to-deploy technology and provide a highly compelling value proposition to solve our customers' challenges in achieving security compliance.

We are currently looking for a Platform Test Developer to join our UK team.

THE OPPORTUNITY:

A fantastic opportunity for a software test developer to enhance & develop our product quality assurance processes across the business. We are seeking a test developer with knowledge of automated and manual testing, preferably within an agile environment.

YOU WILL BE RESPONSIBLE FOR:

- Working closely with the development team in the design, test and rollout of new features and enhancements
- Design and develop manual test scripts
- Design and develop automated tests using Selenium, Postman, and custom test frameworks
- Passionate about building high quality, easy to use software
- Updating, repairing, modifying and developing existing tests and supporting applications.
- Help with creating documentation to support new services
- Work with the Customer Solutions Team to provide test scenarios and tools for testing connectivity with customer installations

WE WANT TO HEAR FROM YOU IF YOU:

- Working knowledge of change management processes
- Experience of working as a Software test developer ideally within an Agile/Scrum environment
- An understanding of the principles in creating easily modifiable and extensible automated test suites
- Experience with a modern test automation framework, such as Selenium, Behat, Cucumber or others
- Knowledge of Continuous Integration
- Understanding of HTTP protocol
- Understanding of C#, JavaScript and HTML
- Understanding of VoIP Principles and API based telephony services (Twilio, Nexmo etc.)
- An understanding of the concepts of TDD & BDD and how it applies to agile testing
- Web application testing and/or Web service testing

IN RETURN WE OFFER:

- 25 days holiday, rising to 28 days per annum with length of service
- Company share options
- Option to either work in our Ipswich office, or from home (or both!)
- An exciting and flexible working environment surrounded by friendly and committed co-workers
- Training and development opportunities
- Access to an employee assistance programme and wellbeing support hub
- Team events
- Ad-hoc incentives and competitions

TALK TO US:

If you have any questions or want to find out more, we'd love to hear from you.
