

PRESS RELEASE
8th September 2021

High Five! PCI Pal® celebrates shortlisting in five payment industry award categories

[PCI Pal](#)® – the global cloud provider of secure payment solutions for business communications – has been announced as a finalist in no less than five categories across two payment industry award programmes.

In the [Payment Awards 2021](#), PCI Pal is shortlisted for the Payments Compliance Technology of the Year and Payment Technology Provider of the Year categories, while the judges of the [Credit & Collection Technologies Awards](#) have confirmed PCI Pal as a finalist in the Compliance & Regulatory Technology solution, Contact Centre solution, and Payment solution categories.

Now in its ninth year, the Payments Awards celebrate companies that have demonstrated excellence in the payments space, while the Credit & Collections Technology Awards recognise innovation in the UK credit and collections industry.

Jane Goodayle, SVP of Global Marketing at PCI Pal said, “To be shortlisted in no less than five categories at these prestigious industry award programmes is exceptional. The entries focused on how we have been successfully supporting both existing and new clients in enabling PCI DSS compliance throughout the pandemic; ensuring remote workers are able to securely handle customer payments having transitioned to home-based working.

“The entire team at PCI Pal is very proud of the recognition in both award programmes, and we now look forward to finding out who is crowned the winners at the two ceremonies later this year.”

Winners of the Payment Awards 2021 will be announced at an awards ceremony on 11th November 2021 at the London Marriott Hotel in Grosvenor Square. The winners of the Credit & Collection Technologies Awards will be revealed on 4 November at an event in the Midland Hotel in Manchester.

Notes to Editors:

About PCI Pal

PCI Pal is a leading provider of SaaS solutions that empower companies to take payments securely, adhere to strict industry governance, and remove their business from the significant risks posed by non-compliance and data loss.

Its mission is to safeguard reputation and trust by providing customers with secure payment solutions for any business communications environment including voice, chat, social, email, and contact centre.

PCI Pal is integrated to, and resold by, some of the worlds' leading business communications vendors, as well as major payment service providers.

The entirety of the product-base is available from its global cloud platform hosted in Amazon Web Services ("AWS"), with regional instances across EMEA, North America, and ANZ. PCI Pal products can be used by any size organisation globally, and it is proud to work with some of the largest and most respected brands in the world.
