

**APCI Pal named winner in coveted categories at annual
CNP Awards and Global Infosec Awards**

Recognized as having the most innovative approach to compliance and the best call center solution

Charlotte, N.C, June 21, 2022 -- [PCI Pal®](#) (LON: PCIP), the global provider of secure payment solutions, is proud to announce the company has been recognized as winners by two coveted industry award programs, the Best Call Center at the annual [CNP Awards by Card Not Present](#), and the Most Innovative Compliance solution at the [Global Infosec Awards by Cyber Defense Magazine](#).

“PCI Pal is honored to be recognized again by our peers in the industry for the security we provide our customers and our continued innovation,” says Jane Goodayle, SVP Global Marketing, PCI Pal. “These accolades are testament to PCI Pal’s leadership in the market and continued efforts to provide our global customers and partners with the most secure solution for their business communication needs.”

The Annual CNP Awards, published annually by Card Not Present, recognizes both a judges choice and customer choice for 14 categories of payment solutions. This year, PCI Pal was awarded Customer Choice in the category of Best Call Center Solution. PCI Pal was also recognized by both awards in this same category last year and in 2018. This category recognizes the provider whose technology most effectively supports secure payments within the call center. The winners were announced in an awards ceremony on June 14, 2022.

PCI Pal was also named the Most Innovative Compliance in the Compliance category in this year’s Global InfoSec Awards. Announced last week during RSA 2022 by Cyber Defense Magazine, the awards annually recognize the top providers of cybersecurity software and solutions. This award recognizes the innovation of PCI Pal’s products, architected completely in the cloud, and the technological advances allowing PCI Pal to remain the leader in this field.
